Our COVID-19 Emergency Response

In late February 2020, Washington State confirmed its first death from COVID-19. A short time later, the Bellevue School District closed for the safety of their students and staff. The pandemic has been devastating for Bellevue’s low-income families.

When schools closed in mid-March 2020, we saw food assistance requests increase by 50% and rental assistance requests triple.

*Your support...*

- provided grocery store food vouchers to Bellevue students at risk of hunger.
- provided emergency rent payments for Bellevue families at risk of eviction.

Thanks to our community’s generosity, we didn’t turn away any family at risk of experiencing hunger or homelessness as a result of the pandemic.

“Thank you, Bellevue LifeSpring! I will always remember that you helped my family solve big problems. When the virus passes, I hope to come as a volunteer to help others.”

The following foundations, companies, and individuals immediately stepped up and generously invested $5,000 and above to ensure Bellevue children do not experience hunger or homelessness as a result of the pandemic. Thank you for your leadership.
