BIG NEWS!

OUR COMMUNITY COLLECTIVELY RAISED A RECORD-BREAKING $768,925

at the Bellevue Lifespring Step Up to the Plate Benefit Luncheon!

Some of the people that made this event possible, along with so many more volunteers!

Thank you to all of our neighbors who stepped up in support of the 3,952 Bellevue children in need of our assistance. When you give where you live, all members of the community benefit — especially our children.

At Bellevue Lifespring, we are working hard to build a Bellevue where all students have the opportunity to reach their full potential. With our community’s partnership, we are achieving this ambitious goal and providing support to Bellevue children and families to ensure they have the nutrition and housing security they need to succeed.

In addition to all of this great news, Randy Brooks with Bacovino, the wine sponsor for the event, will also donate $1 on your behalf to Bellevue Lifespring with every bottle purchased using the promo code “Lifespring” at checkout now through December 31, 2022. Visit their website to check out their delicious wines and stock up for a great cause: bacovino.com/lifespring.

Did you miss the luncheon? You can still make a difference — scan the QR code to donate now!
